A Reincarnation Case

Lama Thubten Yeshe

Reincarnation :

Rule 1 : As a reincarnation axis we take Moon/Mars, Moon/Jupiter and Mars/Jupiter axes because it is a birth. We take death-time and birth-time before the last incarnation as basis and we derive progressions from both.

Previous Birth Time and Death Time	Last Birth Time (Reincarnation)
$☽/♂$ $☽/♃ =$ $♂/♃$	$☽/♂$ $☽/♃$ $♂/♃$

The above equalities must be in several progressions and transit fulfilled.

Rule 2 : Both natal suns (previous birth and last birth) must be exactly harmonic (in 2^n Harmonics)

Rule 3 : Events for a Natal must also be detectable in other Natal.
e.g. if previous natal owner married , then you must be able to identify this event in the last natal.Or if father from previous natal owner died,then one must see, if one calculates progression for last natal owner, as if his father died.

Used :

1-Sidereal zodiac (Krishnamurti Ayanamsa), Mean Node.

23°45′56" for Year 2000. Speed of precession is 50.2388475.

2-Progressions Keys :

Tertiary I: 1 sidereal day = sidereal month (27.321661 days)

Rate : 0.99726966 / 27.321661= .036501062655012

Tertiary II (Minor) : 1 sidereal month = 1 sidereal year

Rate : 27.321661/ 365.25636042 = .074801328493181

Secondary Progression : 1 sidereal day = 1 sidereal year

Rate : 0.99726966 / 365.25636042 = .002730327978008

3-Transit, Solar, Lunar, Progressed Lunar

4-Last New Moon before the birth

5- Harmonic 16

Zet Settings :

a sidereal day (23h 56m 4.091s)

a sidereal month (27d 7h 43m 11.47s)

a sidereal year (365d 6h 9m 9.5s)

Tenzin Ösel Rinpoche
12 February 1985 at 19:40 (= 7:40 PM)Bubión, Spain, 36n57, 3w21
Spanish child declared to be the reincarnation of Lama Thubten Yeshe,
who died on 3/04/1984. At age three, on 3/17/1988, the boy was
crowned, given his robes and made a Lama. Lama Yeshe had met the
Spanish parents, Buddhist devotees, before the mother became pregnant.
The child was tested extensively from infancy and recognized his former
life.

I still want to show something without calling it a rule, because there are very few (almost nothing) serious reincarnation claims with usable birth times.

Yeshe, Lama Thubten

First red arrow showing moon line runs near the last birthplace (blue dot).

If the birth time of Lama Thubten Yeshe would be 6 minutes earlier,then

moon line with reincarnation birth place would be exact.

Because i have seen moon line in another natal it has passed through the last birth place, that's why I wanted to show here, so you should pay attention.

Line shown with green arrow is Algol-line.

I read somewhere ;

The dark star Algol :
"His bright companion give high-spiritual powers ,but absorbed only by very spiritualized people."
